

RECOMMENDATION OF THE
URBAN COUNTY PLANNING COMMISSION
OF LEXINGTON AND FAYETTE COUNTY, KENTUCKY

IN RE: PLN-MAR-25-00022: SUBTEXT ACQUISITIONS, LLC – a petition for a zone map amendment from a Single Family Residential (R-1E) zone and Planned Neighborhood Residential (R-3) zone to a Neighborhood Business (B-1) zone for 0.51 net (0.61 gross) acres for property located at 118 Montmullin Street, 121 & 123 Prall Street, and a portion of 545-549 and 553 S. Limestone (Council District 3)

Having considered the above matter on **January 29, 2026**, at a Public Hearing, and having voted **9-0** that this Recommendation be submitted to the Lexington-Fayette Urban County Council, the Urban County Planning Commission does hereby recommend **APPROVAL** of this matter for the following reasons:

1. The requested Neighborhood Business (B-1) zone with a Form-Based Neighborhood Business Project is in agreement with the 2045 Comprehensive Plan's Goals and Objectives, for the following reasons:
 - a. The proposal addresses a need for housing, and emphasizes the proposed increase in residential density along a major corridor (Theme A Goal #1.b & #1.d; Theme E, Goal #1.d). S. Limestone and Nicholasville Road are high-volume roadways that connect downtown to major employment and community activity areas.
 - b. The proposed development will be well connected, especially because it is located adjacent to future transit improvements and will improve the pedestrian facilities along Prall Street, Montmullin Street, and S. Limestone (Theme A, Goal #3.b).
 - c. The density and intensity of the proposed development will strengthen demand for transit along the corridor (Theme D, Goal #1.b).
2. The requested Neighborhood Business (B-1) zone with a Form-Based Neighborhood Business Project is in agreement with the 2045 Comprehensive Plan's Policies, for the following reasons:
 - a. The activation of the first floor with retail, landscaping, and amenity spaces creates a people first/ pedestrian friendly design that will create inviting streetscapes. (Design Policy #1, #5, and #6).
 - b. The request responds to the context of the corridor, providing additional density and intensity (Design Policy #4; Density Policy #1 and #2).
 - c. By locating the parking internally, within parking structures, the proposed development enhances walkability and bikeability (Design Policy #7).
 - d. The request will provide additional housing options for this area, which is predominately characterized by student housing in single family structures (Design Policy #8).
 - e. The proposed amenities and open space areas will provide neighborhood-focused open spaces with the interior courtyard and neighborhood-focused retail on the first floor, facing S. Limestone (Design Policy #9 and #12).
3. The justification and corollary development plan are in agreement with the policies and development criteria of the 2045 Comprehensive Plan.
 - a. The proposed rezoning meets the criteria for Land Use, as the request significantly increases the residential density on-site (A-DN-2-1; E-ST8-1), provides for pedestrian-oriented first floor commercial uses along the S. Limestone frontage (A-DN3-1), and helps encourage the success of transit by increasing the residential base near a proposed transit node (E-GR10-1; D-CO3-1).
 - b. The proposed rezoning meets the criteria for Transportation, Connectivity, and Walkability as the request provides connectivity to the adjacent transit stop (A-DS1-2) improves the sidewalk

connections along Montmullin and Prall Streets, provides for street trees and commercial uses to create a pedestrian friendly streetscape A-DS5-2), and is transit-oriented (AEQ5-2).

- c. These proposed rezoning meets the criteria for Environmental Sustainability and Resiliency development criteria, as the site does not impact any environmentally sensitive areas (B-PR2-1), does not remove any significant trees (B-PR7-1), and provides for the addition of street trees along all three street frontages (D-SP10-1).
- d. The proposal addresses the criteria for Site Design, provides activated first-floor uses and to create an activated streetscape (A-DS5-4), locates the parking within internal parking structures (A-DS7-1), and provides sidewalk connections to the surrounding neighborhood (C-LI8-1).
- e. The proposed rezoning meets the criteria for Building Form, as it creates a high-density mixed-use development that is in line with the intensification of our corridors called for within the 2045 Imagine Lexington Comprehensive Plan and Imagine Nicholasville Road Corridor Study (A-DS4-2), and creates active first-floor uses along S. Limestone (D-PL2-1; A-DS5-3).

4. This recommendation is made subject to approval and certification of PLN-MJDP-25-00068: HAZEN PROPERTY, MONTMULLIN STREET SUBDIVISION (EVER LEXINGTON), prior to forwarding a recommendation to the Urban County Council. This certification must be accomplished within two weeks of the Planning Commission's approval.

ATTEST: This 13th day of February, 2026.

Secretary, Jim Duncan

ZACH DAVIS
CHAIR

KRS 100.211(7) requires that the Council take action on this request by April 29, 2026.

Note: The corollary development plan PLN-MJDP-25-00068: HAZEN PROPERTY, MONTMULLIN STREET SUBDIVISION (EVER LEXINGTON) was approved by the Planning Commission on January 29, 2026, and certified on February 12, 2026.

At the Public Hearing before the Urban County Planning Commission, this petitioner was represented by **Nick Nicholson, attorney for the applicant.**

OBJECTORS

- Duval Headley

OBJECTIONS

- Expressed concerns with the development and his desire to see a plan for how the building could be repurposed in the future.
